September 9, 1975

Eternal God tonight we have assembled ourselves around the council table to discuss and give guidance to a city and its administration that the people of Fort Wayne and neighboring town and villages will see their great work, and recognize that it is a new day with us, but with God's time is just one day. Therefore, we must never forget Economic Generation, Spiritual Re-Generation and they both rest on Discipline. We must obey the laws of the land. But when a law becomes contrary to it inhabitant, continue Dear God to Give us Guidance to Assemble and reassemble around the city council table and the court rooms around the land; that we may shake the very foundation of a nation so it will stand up and not lean because of party, religion, or any other National Institutional Structure; but stand up for right and justice because in the sight of God and Brotherly Love it is only right and just to do so.

"Bless us Lord this Day Amen"

## COMMUNITY DEVELOPMENT AND PLANNING

long range planning and zoning

August 29, 1975

Members of the Common Council  
City-County Building  
One Main Street  
Fort Wayne, Indiana 46802

Gentlemen and Mrs. Schmidt:

Attached hereto is a resolution pertaining to a zoning ordinance amendment acted upon by the City Plan Commission at their meeting held March 24, 1975. In addition to the reasons outlined in the resolution, the following are additional remarks pertaining to the ordinance.

1. Bill No. Z-75-01-26
2. From "RA" to "M1"
3. Intended Use: Industrial Park
4. Plan Commission Recommendation: DO PASS

This ordinance received a DO PASS recommendation for the following reasons:

This would be the best use of this property as a limited industrial park.

The tremendous amount of site preparation necessary prior to development would make single family uses economically prohibitive.

If there are any questions with regard to this ordinance, please feel free to call on us.

Respectfully submitted,

AGREEMENT

HIGHWAY - RAILWAY GRADE CROSSING PASSIVE PROTECTION

THIS AGREEMENT, made and entered into by and between the STATE OF INDIANA, acting by and through the Indiana State Highway Commission, hereinafter called the State, and the City of Fort Wayne, Indiana hereinafter called the City.

WITNESSETH

WHEREAS, The Highway Safety Act of 1973 (Public Law 93-87, 93rd Congress) requires that the State conduct and maintain a survey to identify problem rail-highway crossing locations on all highways and establish and implement a priority schedule of improvements, and

WHEREAS, this Act also requires, as a minimum, that all railroad crossings be properly signed and marked. Furthermore, this Act authorizes substantial Federal funding for this program, and

WHEREAS, The State and City, in the interest of public safety, desire to participate in this program which is to upgrade the passive protection for all of the rail-highway crossings under the jurisdiction of the City to minimum standards, as established by the State, to provide minimum protection for motorists in accordance with prevailing conditions of sight distance, volume of train movements, type of highway, number of tracks and other engineering features, and

WHEREAS, under Chapter 201 of the Acts of the 1961 General Assembly of the State of Indiana, Section 27 of Chapter 18 of the Acts of 1933, and other Acts amendatory thereof and supplemental thereto, the Indiana State Highway Commission is authorized "to cooperate with the United States Government under any Federal

law in any manner necessary to secure for the State of Indiana the proportion of any Federal appropriation which may be made in the future."

NOW, THEREFORE, in consideration of the premises and the mutual dependent covenants herein contained, the parties hereto agree as follows:

SECTION 1: The State shall conduct the necessary sample survey to determine the total amount of work to be accomplished. This survey will be conducted in cooperation with the AAR-DOT Inventory, if the Railroad Companies participate in this Inventory.

SECTION 2: The State shall install all warning signs and pavement markings and furnish all materials for the work to be completed, in accordance with the Manual on Uniform Traffic Control Devices, after all Federal Highway Administration approvals are obtained and monies are obligated.

SECTION 3: In the case of the termination of a Railroad as an existing carrier by rail in Indiana, the warning signs may be relocated or otherwise used as desired by the City.

SECTION 4: The City agrees to permit the State to install Railroad warning signs and pavement markings upon the right-of-way under the jurisdiction of the City, after which time they shall become the property of the City.

SECTION 5: The City agrees to maintain the warning signs, at its own cost and expense, after the completion of this project. This maintenance may become desirable because of vandalism, accidents, aging or any other cause.

THIS AGREEMENT shall be binding upon the parties hereto, their successors or assigns.

IN WITNESS WHEREOF, the parties have caused these presents to be executed by their proper officers thereunto duly authorized.
